Our Families in San Giovanni

We continue here our notarial records highlights. *Because so many of the surnames appear on the pedigrees of our separate families, we present them in alphabetical order. This avoids having to repeat them. We also present the extractions by separate volume to simplify the reports.*

Numbers in parentheses indicate the page number in the volume and the date of the act.

NOTE: The year attached to the volume number is when the notary officially *deposited* the record—not necessarily the year in which the original record was made. Sometimes it is the same year, but often the notary (because he had to pay a fee each time) delayed registering some acts.
